VAUGHAN'S GIANT PANSIES

International

Vaughan's International Pansy Mixture. This mixture contains the best of the world's best Pansy growers. It is composed of all the separate colors of the Giant varieties as well as special strains of Bugnot, Masterpiece, Triumph of the Giants, and other special mixtures of the most noted Pansy growers. We feel sure that a better, more complete mixture is not to be had anywhere or at any price and confidently recommend it to our customers whose trade demands a superior article and who take pride in supplying something better than can ordinarily be had. Trade pkt., 50c; $\frac{1}{8}$ oz., \$1.25; $\frac{1}{2}$ oz., \$4.00; oz., \$8.00.

Giant Mixture

Embraces, besides all the separate shades and colors, five special strains not listed elsewhere, and which can only be had in this and our International Mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau and the splendid Cassier strain. Trade pkt., 50c; $\frac{1}{8}$ oz., 75c; oz., \$5.00; $\frac{1}{4}$ lb., \$18.00.

NEW Early-Flowering Giant Pansies

The new strain produces its giant flowers about four weeks earlier than other known types. In March, when the old type pansies hardly show any buds the plants of the new strain bore from 3 to 5 of their giant flowers.

Vaughan's Cut Flower Mixture

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut-flower growers, who have realized big returns from the sale of flowers. Pansies are as easily grown as violets, require less care and bring better results. Trade pkt., 25c; $\frac{1}{8}$ oz., 60c; oz., \$4.00.

Chicago Parks Bedding Mixture

This is a mixture made by ourselves from 20 different and distinct varieties of this type. While the flowers of this strain do not grow as large as those of the Giant Pansies, they excel them by a much greater number of flowers to a plant. Trade Pkt., 15c; oz., \$1.00; lb., \$12.00.

SEEDS OF BIENNIALS AND HARDY PERENNIALS

Many of the biennials and perennials are now as important to florists as Asters, Sweet Peas, Verbenas, etc., are among the annuals. Some can be forced, such as Delphinium, Canterbury Bells, etc., while many others sell as readily as Geraniums if grown

in pots, not to speak of the cut-flower sorts, such as Coreopsis, Gypsophila, Chrysanthemum, Shasta Daisy, Physostegia, etc. They are really needed in every florist's establishment that caters to the better-class of trade. The demand for them is increasing.

Vaughan's Peonies

5 of a Kind at the Ten Rate

25 of a Kind at the 100 Rate

WE have an exceptionally large stock of our own growing. Strictly true to name, all in strong divisions, with from 2 to 5 eyes each. Besides these divided roots, we can supply many of the following varieties in plants, two years (5 eyes and up); and three years (5 to 8 eyes and up) from division. These sizes are more suitable for private customers.

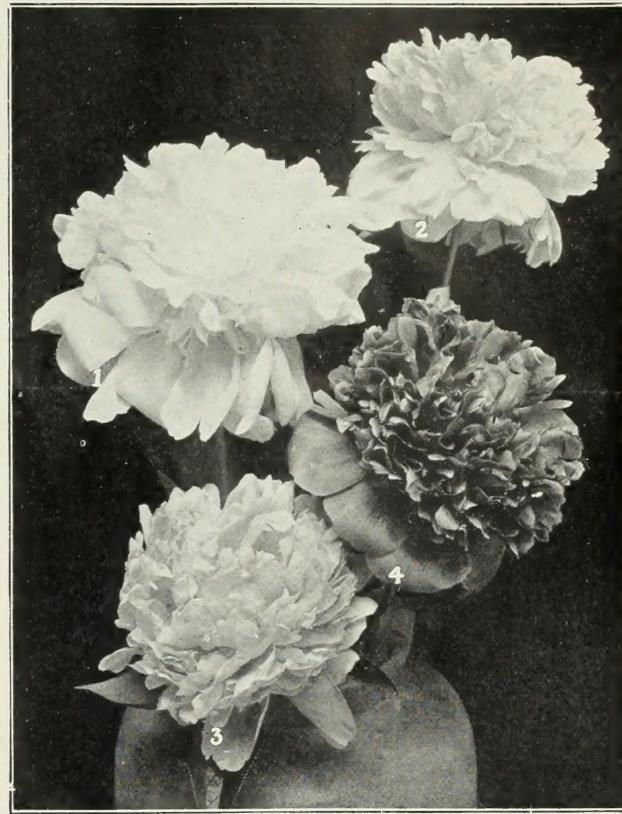

The figures preceding the varieties are the rating given to them by the American Peony Society.

BULBS for Mid-Summer and EARLY FALL

FREESIA—IMPROVED PURITY

WHITE CALLAS

(*Aethiopica*)

These can be grown at less expense during the winter months, requiring less heat than other lilies.

We take great pains in securing every year bulbs which are well ripened and cured, purchasing our stock from growers in California who thoroughly understand the raising, curing and shipping of these bulbs. The serious freeze in California has materially hurt this crop as it did the Freesia crop. Growers who have used Calla roots with profit should secure this year's supply early.

FREESIAS—California

Ready From end of June on

Our careful survey at this time of the **Freesia Crop** indicates that the bulbs of size five-eights and over will be short. Earlier in the season it was predicted that the one-half to five-eights inch stock would be plentiful, but now, because of the many discolored bulbs, due to frost, this size appears to be considerably less.

This is one of the most profitable and useful bulbs a florist can grow. Equally good for forcing or for pot plants, and can be had in flower from Christmas on, if properly grown. We always believe in selling this stock by samples, and are ready to submit same for comparison as soon as bulbs arrive. Better order at once.

- 1st.** Knowledge of the very best growers and honorable shippers of ALL Foreign grown bulbs. We had five dependable houses for Paper Whites last year and more Dutch sources. Our Japanese, California and Florida connections are well cared for.
- 2nd.** Credit arrangements for and cash, more than ever before are our Stocks secured and thereby closest costs.
- 3rd.** First early shipments, (our own original service) followed by one or more later ones covering entire shipping season. Earliest deliveries of early forcing items which should not be delayed for main supply.
- 4th.** Covering by us of all "Special Expenses" excess brokers' fees and port charges at New York, in which many U. S. Florist growers have been for years over-charged, to the profit of the foreign sellers. We eliminate this.
- 5th.** Because of the above, may we have a list of your six months need, part of which we specify below, and let us submit prices and certain further details regarding delivery dates of interest.
- 6th.** When you buy imported bulbs from us, you buy them by measure, in centimeters or inches and so accepted by us. This means much, as against those people who sell "firsts," "seconds" or "thirds" and give you no assurance as to what such grades measure.
